

HOW TO READ MEMORIALS OF COMPANIONS GONE BEFORE US

1. **Login** through <https://schcCompanions.org>, **Companion Login** on the upper right menu.
2. On the main menu, hover over PEOPLE.
3. Click **MEMORIALS** in the drop-down menu.

This brings you to the memorials landing page where the first three memorials are listed. Note some features of this page:

- The right column offers searches by name, year of death, and year of memorial.
 - In the left column, below the third post excerpt, numerals (1, 2...) allow you to page through memorial excerpts.
4. When you find a memorial you want to read in full, click on *the name* or **Read More**.
 5. At the bottom of a complete memorial, <<**Previous** and **Next**>> links allow you to browse memorials one by one.

Note:

At site launch all memorials read in 2021 are available in the Box portal you find by scrolling down the page. They are in the traditional format, all together in one PDF.

We are using “blog post” technology to make it easy to find 2021 and future memorials, but this portion of the site is still **Under Construction**. As of April 28, early website visitors will see a handful of examples. Our hard-working team will be adding the rest of the 2021 memorials to the site in the first week or so after launch.
